Education

- 2015 University of Florida, Ph.D. in *Economics*.
- 2011 University of Florida, M.A. in *Economics*.
- 2009 Warsaw School of Economics, M.A. in *Economics*.
- 2008 Warsaw School of Economics, B.A. in *Quantitative Methods and Information Systems*.
- 2007 Warsaw University, B.Sc. in *Mathematics*.

Research interests

- Primary Game Theory, Decision Theory.
- Secondary Environmental Economics, Industrial Organization.

Teaching experience

- Summer 2014 *Game Theory and Applications* for undergraduate students. Full responsibility for the course. Average instructor rating: 4.55/5.00 (the college mean was 4.30/5.00).
- Summer 2012 Workshop labs *Computer Science for Economists* for PhD students of the Business College at University of Florida. I was fully responsible for the course.
- Spring 2012 Recitation class for *Econometrics Models and Methods* for PhD students of the Business College at University of Florida.
- 2007–2009 Recitation classes for *Principles of Microeconomics*, *Principles of Macroeconomics* for undergraduate students and for *Microeconomics* for graduate students at Warsaw School of Economics. Five semesters of classes altogether.

Other professional experience

- 2015–present Postdoctoral Research Associate, Private Enterprise Research Center.
- 2013–2015 Graduate Assistant, University of Florida.
- 2012–2013 Chief Financial Officer, AdPilot.
- 2009–2012 Graduate Assistant, University of Florida.
- 2007–2009 Assistant Intern, Department of Economics II, Warsaw School of Economics.
- 2005–2008 Database developer, MediStat Niewada i Kamiński S.C.
- 2003–2004 Database developer, Machine Engineering Company Henryk Kwiatkowski.

Selected achievements

- 2010 Rafael Lusky Award for the best performance student in the first year of the PhD program in Economics, University of Florida.
- 2003 Bronze medal in 10th Polish Olympiad in Informatics.
- 2003 Finalist of 54th Polish Olympiad in Mathematics.
- 2002 Finalist of 53rd Polish Olympiad in Mathematics.

Articles and papers

- working Colonel Blotto with imperfect targeting.
- working Potential pitfalls in an international regulation game with two regulators in a free-trade agreement.
- under review Optimal behavior in a stochastic environment.

Computer Skills

I know a number of programming languages, including C++, JavaScript, PHP, Visual Basic, Pascal, and Assembly. I also worked with many scientific packages, including Stata, MATLAB, and R. One of my recent projects is an online US Migration Map: http://perc.tamu.edu/perc/maps/soi_overview/

International characteristic

- citizenship Polish.
- languages Polish (native), English (fluent), Spanish (basic), German (basic), Chinese (basic).
